

Marlloyd I. Honrado

Full-Stack Web Developer

honradomarlloyd@gmail.com | +63 908 138 1680 | github.com/CodeLloydie | linkedin.com/in/marlloyd-honrado-4245402a0 | Philippines

SUMMARY

Full-stack web developer with experience building modular SaaS applications using Nuxt and Laravel. Combines professional internship exposure with 4 years of hands-on IT support and a strong foundation in UI/UX design. Currently completing a BS in Information Technology.

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, Vue.js, Nuxt, REST API
Backend	PHP, Laravel, Node.js, MySQL
Design	Figma, Adobe Illustrator, Adobe Photoshop
Tools	Git, GitHub, VS Code

WORK EXPERIENCE

Web Developer Intern 2025 – 2026
AWORK A/S — Denmark (Remote)

- Developed new features and resolved bugs in production web applications
- Built a dynamic form builder enabling end-users to create custom forms without developer intervention
- Collaborated in a remote international environment with a Danish development team

IT Support Technician 2022 – 2026
Hulid Elementary School — Philippines

- Maintained and upgraded hardware units (desktops, peripherals) across school IT systems
- Diagnosed and resolved hardware and software failures to minimize downtime
- Reformatted machines and cloned drives to recover failed systems
- Configured and set up workstations for teaching and administrative staff
- Provided concurrent technical support throughout full-time BSIT studies

EDUCATION

BS Information Technology 2022 – 2026
STI College Davao — Davao City, Philippines

Senior High School — STEM 2020 – 2022
